

# LOCAL LITTER MEASUREMENT TOOLKIT

## Litter Hotshots Rating Tool

The Litter Hotshots Rating Tool is a visual litter assessment tool that helps to standardise the extent of littering or illegal dumping incidents.

The tool is presented as a scaled set of photographs that vary in terms of the extent of littering or illegal dumping. There are five photographs of litter and five photographs of illegal dumping.

The Litter Hotshots Rating Tool is easy to use and should be used alongside the Litter Logbook, the Litter Count Form and the Litter Observation Form.

### RATING 1 NO ILLEGAL DUMPING

### RATING 2 SMALL AMOUNT OF ILLEGAL DUMPING

*Illegal dumping present is less than 2m<sup>3</sup>.*

### RATING 3 MODERATE AMOUNT OF ILLEGAL DUMPING

*Illegal dumping present is more than 2m<sup>3</sup> and less than 6m<sup>3</sup>.*

### RATING 4 SIGNIFICANT AMOUNT OF ILLEGAL DUMPING

*Illegal dumping present is more than 6m<sup>3</sup> and less than 10m<sup>3</sup>.*

### RATING 5 VERY SIGNIFICANT AMOUNT OF ILLEGAL DUMPING

*Illegal dumping present is more than 10m<sup>3</sup>.*

IS THERE AN OCCUPATIONAL HEALTH AND SAFETY OR ENVIRONMENTAL RISK? • Moderate hazard or risk present e.g. broken glass, empty gas bottles • Significant hazard or risk present e.g. asbestos, syringes, chemical containers – Call EPA Victoria 1300 372 842

# RATING 1

NO LITTER PRESENT

# RATING 2

SMALL AMOUNT OF LITTER

Litter present would fill 1-2 standard (9 litre) buckets.

# RATING 3

MODERATE AMOUNT OF LITTER

Litter present would fill more than 2 standard (9 litre) buckets and less than 1 x 240L wheelie bin.

# RATING 4

SIGNIFICANT AMOUNT OF LITTER

Litter present would fill 1-3 x 240L wheelie bins.

# RATING 5

VERY SIGNIFICANT AMOUNT OF LITTER

Litter present would fill more than 3 x 240L wheelie bins.
